REMOVES **BLOOD HUMORS**

When the blood is pure and healthy the skin will be soft, smooth and free from eruptions, but when the blood becomes infected with some unhealthy humor the effect is shown by rashes, eruptions, boils and pimples, or other disfiguring and annoying skin disease. The skin is provided with countless pores and glauds which act as a drainage system to rid the body of impurities through the perspiration that is constantly passing through these little tubes. There are other glands that pour out on the skin an oily substance to keep it soft and pliable. When the blood becomes filled with humors and acids these are thrown off through the pores and glands, burning and irritating the skin and drying up the natural oils so that we have not only Acne, Eczema, Salt Rheum, etc., but such dry, scaly skin affections as Tetter, Psoriasis, and kindred troubles. The treatment of skin troubles with salves, washes, lotions, etc., is not along the right line. True, such treatment relieves some of the itching and discomfort and alds in keeping the skin clear, but it does not reach the real cause of the trouble, which are humors in the blood, and it can therefore have no real curative effect on these skin affections. S. S. S., a gentle acting and perfect blood purifier, is the best and quickest treatment It goes down into the blood and removes the humors, fiery acids and poisons from the circulation, cools the overheated blood, and by sending a fresh stream of nourishing blood to the skin permanently cures skin diseases of every character. S. S. is made entirely of health producing roots, herbs and barks, and is an absolutely safe remedy for young or old. S. S. S. cures Eczema, Acne, Salt Rheum, Tetter, Paoriasis, and all other disagreeable and unsightly eruptions of the skin. But How Can We Tell What the Morrow Will Bring?

OU may have everything "all your own way" to-day. The position you hold may seem "made to order" and secure: the abode wherein you dwell may be all that your heart desires; the bank in which your savings are deposited may appear as stanch as Gibraltar, and your Automobile, Yacht, Piano, Phonograph, &c., may answer present purposes to a nicety.

But Look Out for To-Morrow!

While it's unwise to live in fear of possible misfortunes, still one should not be caught napping.
